

ŠKODA Superb Laurin & Klement package

Even a familiar street or square can suddenly acquire a different look. For example, when trees are planted or a new café opened on the corner. Even a familiar car can suddenly have a different image and a new distinctive character. The **ŠKODA Superb with the Laurin & Klement package**.

The car is based on the fully equipped Elegance version. The L&K package gives it additional exclusive and original features. The exterior has a distinctive **chrome front grille**, two-colour L&K design **18" Sirius alloy wheels**, which underline the exceptional elegance of the car and are also available in a single colour, and the **decorative Laurin & Klement plaquette** on the front mudguards. Of course, the Superb with the L&K package also features practical and comfortable equipment such as **SunSet** glass with greater tinting in the rear part of the car and **rear view mirrors with automatic dimming**.

An attractive characteristic feature of the Superb with the L&K package is the **chrome front grille**. The car is also equipped with **Bi-Xenon headlamps with AFS** (Adaptive Frontlight System), which is able to adapt the lighting to various driving speeds and conditions. The AFS includes **fog lamps with the Corner function**.

The **rear lights** on the sedan/liftback model, which are equipped with long-life energy-efficient **LED diodes**, are an interesting design element.

The ŠKODA Superb offers exceptional interior space, in which the **original L&K interior features** stand out perfectly. Of course, there is also plenty of room for your personal style accessories.

The interior of the L&K package comes in an elegant brown shade. The leather seats have the **Laurin & Klement logo** embossed on them and the logo can also be found on the decorative moulding on the dashboard. Standard equipment includes **electrically-adjustable front seats**, **Lounge Step removable woven carpets** with footrests, a **Bolero radio**, and a **Sound System** with ten speakers. In order to peacefully enjoy the comfortable ride, the car has sophisticated safety equipment, which includes **intelligent electronic systems** that ensure excellent handling of the car in various situations.

Door sill strips with the original logo is another feature of the L&K package.

The brown **Executive interior** comes with imitation wood panelling décor or with black Piano Lack décor. The multifunctional 4-spoke leather steering wheel allows you to control the radio and telephone. The gear stick knob and sleeve plus the handbrake handle come in leather.

A car such as the Superb with the L&K package encourages you outright to travel to exclusive places and to go on untraditional shopping trips.

Thanks to the different ways of opening the **TwinDoor**, which allows you to open the lid of the luggage compartment independently or simultaneously with the window of the fifth door, you create as much access as you need. Additionally, we offer you the option of fine-tuning your car according to your taste and individual requirements. Options include many interesting features, including advanced **navigation systems**.

Ventilation of the front seats, which is supplied in combination with perforated leather upholstery, is an option.

If you decide on the **KESSY system** (Keyless Entry, Start and exit System), your car will come equipped with a Start/Stop button on the steering column, which is used for keylessly starting and stopping the engine.

The **Parking Assistant** will help you find a place between cars when parallel parking and will literally park in the smallest space for you. The parking manoeuvre is shown on the Maxi DOT display.

Engines	Combined consumption (l/100 km)	Combined CO ₂ emissions (g/km)
2.0 TSI/147 kW	7.9/8.0*	178/180*

2.0 TDI CR DPF/125 kW	5.7/5.8*	149/151*
2.0 TDI CR DPF/125 kW (A)	6.0/6.1*	157/159*
2.0 TDI CR DPF/125 kW 4x4	6.2/6.3*	163/165*

(A) Automatic transmission * Applies to Combi version

You can find more information, including data on engines, available colours and other extra equipment, in the main Superb catalogue, on the ŠKODA website, and at authorised partners.

One of the most important goals of ŠKODA AUTO is the development and production of products that are as environmentally friendly as possible throughout their life cycle phases, placing principal emphasis on the selection of recyclable materials. Our ŠKODA cars are manufactured using progressive types of technology in modern production facilities that meet the strictest criteria. Anticorrosive protection of the cars' painted parts is based exclusively on lead-free cathodolysis (KTL) and water-soluble paints.

Our company strategy includes limiting fuel consumption and emissions. As a result, the engines we offer meet the current emission regulations. All products made by ŠKODA AUTO adhere to the laws and regulations concerning the protection of soil and water. As a result of these activities, ŠKODA cars meet technical, safety, quality and environmental requirements. ŠKODA AUTO contributes to the preservation of a clean environment and provides mobility and comfort to its customers.

The environmental logo expresses ŠKODA AUTO's awareness of, responsibility for and attempts at the sustainable development of the company and a friendly approach to life and nature.

Some models in this catalogue are shown fitted with optional or extra equipment not necessarily included in the standard equipment. All details of technical specifications, design, equipment, materials, guarantees and appearance were accurate at the time of going to print. However, the manufacturer reserves the right to make any changes without prior notice. The information included in this catalogue is for guidance only. Due to printing technology limitations, the colours of paints or other materials shown in this catalogue may differ from reality.
